Title: Monetary funds with attributes

Examiner: Elisca, P

Las Vegas, NV 2005 Jun 1

Request for Continued Examination

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Office Action mailed 2005 May 9, please amend the above application as follows:

Claims: Cancel all claims of record and substitute new claim 1 as follows:

A method/system of providing funds with attributes that are validated comprising:

a method/system in which personnel accept instruments of value where personnel validates and verifies attributes such as the true identity of consumer, (supplier of item of value), geographical location and age. The verification can include ID checks and/or biometrics.

A means of locking out problem consumers such as but not limited to problem gamblers by comparing the consumer true identity to a list or database

a means of storing the value and or funds of "instruments of value" in an electronic accessible form

an optional method/system of recording the personnel accepting and processing the items of value from the consumer. Which can include any or all of the following: video, paperwork, signatures, fingerprints, and biometrics
